NO. 7

Valuable Gold Mine.

The Nevada, Cal., Transcript of the 2d instant says: When D. R. McKillican passed through town a couple of days ago he had with him a specimen of ore about the size of a man's two fists that is estimated to contain not less than \$200 worth of gold. It came from the quartz mine on the Middle Yuba, above Moore's Flat, in which Mr. McKillican is an owner. The mine contains a large ledge of ore that yields an average of \$3 a ton, and a streak of the specimen rock extends through the big vein as far as it has been opened. The new 5-stamp mill runs night and day on the low-grade ore, and the output from this is sufficient to pay all expenses, leaving the high-grade as profit. There is estimated to be enough of the \$3 ore in sight to keep a 60-stamp mill busy for a long time.

The Cliff House to Go.

Adolph Sutro will shortly commence the erection of a large pavilion or music hall adjoining the site of the Cliff House, San Francisco, and which, when completed, will lead to the demolition or removal of the Cliff House. Excavation and grading for the foundation has been commenced. The pavilion will be four stories in height and 75x100 feet, and the floors above the first will be divided into dining, waiting, refreshment, rooms, etc. In the main hall on the lower floor a band of music will play twice a week. The pavilion will be built in the Gothic style, with a tower on each corner. The roof will be made a promenade, capable of accommodating 8,000 people.

New Hawaiian Navy Flag.

The newly designed flag for the Hawaiian Navy contains in the center, on a white background, a gold crown, resting on a yellow shield. The shield contains a white tabu stick, crossed by two kahilis, one representing His Majesty, the King, and the other Princess Liliuokalani. Above, below and on both sides of the crown and shield are alternate stripes of red, white and blue. The borders of the flag are gray.

Trying to Reform.

Senor del Campo, an attaché of the Chilean Legation, celebrated in Washington a year ago for the frequent drunken rows in which he was a central figure, proves not to be dead after all. He left his Washington creditors quickly one day and a Cuban paper subsequently printed a touching account of his death by fever. It now appears that he inspired the rumor and is trying to reform as a railroad conductor.

Lighting the Statue of Liberty.

The Lighthouse Board has completed the plans for lighting the Bartholdi Statue of Liberty on Bedloe's Island. A strong lens will be placed in the torch, five additional electric lights will be placed around the base, making 13 of such lights in all, and a number of incandescent lights will be placed in the interior of the statue. The light to be placed in the torch will be one of the most powerful fixed lights in the world.

A Bigamist's Suicide.

Thodore Kellgass, a German freight agent at Riverside, Cal., committed suicide Saturday by blowing his brains out with a revolver. He went under the name of John Klein and was recently married there to a Miss Sparks, but upon his return was found a note that read, "In case of my sudden death write to my wife, Elizabeth Kellgass, at Dautzig, Germany, about my death."

English Sparrows Utilized.

A war of extermination is being waged upon the English sparrow at Albany, N. Y. They are shot by the boys and sold to provision dealers at 1 1/2 cents apiece. The dealers get 37 1/2 cents a dozen for them for pot pies.

Held to Answer.

Robert Bernal, the editor of a Spanish paper published at Nogales, Arizona, has been held to answer to a charge of criminal libel against Governor Torres, of Sonora, Mexico.

Poor Economy.

Experts estimate that the recent accident on the Boston and Providence road will cost the company upward of \$200,000 in damages alone—enough to have paid for a first-class bridge.

Asthma and phthisis are instantly relieved by taking a few drops of Fryer's Abietene Cough Balsam. (It contains no opium.) Price, 75 cents. Sold by W. Pinniger, Reno, Nev. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. These doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample boxes of 17, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada.

Thousands of Dollars.

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the golden State. Sold and guaranteed by Osburn & Shoemaker, Reno, Nev., at 25 cents a bottle. Three for \$2.50. The most stubborn case of catarrh will readily succumb to CALIFORNIA CAT-R-CURE. Six months' treatment for \$1. By mail \$1.10.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for consumption, did so and was entirely cured by use of a few bottles. Since which he has used it in his family for all coughs and colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottle free at S. J. Hodgkinson & Co's Drug Store.

An End to Bone Scraping.

Edward Shephard, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at 10 cents a bottle, and Bucklen's Arnica Salve at 25 cents per box by S. J. Hodgkinson & Co's.

Notice!

Manning & Jaques have been commissioned by the Reno Gas Co. as a competent firm to do their gas-fitting, and the company would recommend that all having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.

W. T. Thompson,
Supt. of Reno Gas Co.

Unnecessary Scurry.

Probably as many merry comes from habitual constipation as from any derangement of the functions of the body. It is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 75 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

An Absolute Cure.

THE ORIGINAL ABETINE OINTMENT is only put up in large two-cent tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the Ointment. ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

Sudden Death.

Dr. Flint's Heart Remedy will prolong life by preventing those sudden deaths from heart disease which bring untold grief to families, often plunging them into poverty, because of the untimely death of the bread-winner. At druggists, 50 cents. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

Notice!

Manning & Jaques have been appointed plumbers for the Reno Water Co. All other persons are warned against tampering with the mains or making connections thereto. Those having plumbing to do can only protect themselves by employing the best workman, and we recommend the above firm to any who may require such services. A. A. Evans, Supt. Reno Water Co.

The Very Best.

FRIDAY.....APRIL 8, 1887

The report of the Union Pacific Railroad places the blame upon the Government for "the waiting policy forced on the Directors," which is alleged to be "a constant menace to the interests of the road." This way of putting it seems to call up a rather important fact in the history of that corporation.

The Union Pacific Railroad was built on a Government loan, and the stock and land grant were clear profit. The terms of the loan were clearly that it was to be paid in thirty years. Not satisfied with having received a gift of a railroad, and almost an empire in land, the builders of that road proceeded to load up their property with bonds and watered stock. It has been already known that the Government bonds would fall due at a fixed date; but the managers of the company preferred the profit of creating fiat stock values by the printing press rather than to meet the interest and create a sinking fund for the principal of the debt.

That course having been adopted whose fault is it that the corporation does not know what it is going to do when the bonds mature? The "menace to the interests of the road" does not come from the waiting policy of the Government, but from the swindling policy of the corporation. There has been no reason shown yet why the rule that when individuals do not pay their debt they shall lose their property, shall not be applied to the corporations.

The rainfall in California on Wednesday extended all along the northern coast and all through the San Joaquin valley, ranging from an inch at Merced, where it was most needed, to one-twelfth of an inch at Traver, in the interior of Tulare county. It may be that the rain came in time to save the crop in Merced; but that is questionable, for a week ago a prominent man, who is an authority, said that not an ear of grain would be harvested in Merced county on unirrigated land except the small quantity raised on the Merced bottom lands. At the present time the rainfall in all parts of the State ranges from one-third to one-half of last season's rainfall at the same date, and is not sufficient to insure even half a crop.

In connection with the appointment of the Pacific Railroad Commission, it is said that the President will not be in a hurry to make it up, as, after consultation with men posted as to the character of the work to be done, he has decided that it would not be practicable to complete the investigation in time to submit the report to the next Congress. It is understood now that the President will take his time to make up the commission, and that Congress at the next session will be asked to extend the time in which it may present its report.

Congressman Woodburn, who is at the Baldwin in San Francisco, is represented by the *Post* as having said that before he left Washington it was understood among the Republican members of Congress that if the Democrats nominate Cleveland next year there would be but one course for the Republicans to pursue, and that would be to nominate Blaine. A confident feeling prevailed that Blaine can be elected over Cleveland.

TO-DAY'S NEWS.

James G. Blaine III at Fort Gibson.

NEW UNDER SECRETARY

A Suspected Murderer Discharged.

RESULT OF A QUARREL

A New Railroad Scheme in Wyoming.

(PRESS DISPATCHES TO THE GAZETTE)

James G. Blaine III.

St. Louis, April 8.

The *Globe Democrat* prints the following this morning: Word was received in St. Louis last night that James G. Blaine is seriously ill at Fort Gibson, Indian Territory, and that physicians have been telegraphed for. Nothing definite has been learned this morning, although various telegrams of inquiry have been sent to Fort Gibson.

A private telegram has been received here from Fort Gibson, Indian Territory, stating that Mr. Blaine has a severe cold and is threatened with pneumonia.

Another private telegram from Fort Gibson received here at 12:30 p. m., says Blaine's physician reports him doing very well; that he has but a slight fever and that his pulse and temperature are favorable.

R. C. Kerens, a near personal friend of Blaine, accompanied by Dr. H. H. Mudd, a prominent physician of this city, left here at 1 p. m., by a special train, for Fort Gibson. None of the circumstances leading up to Blaine's illness are known here. The particulars are momentarily expected. The inference naturally drawn from the fact that a physician has gone from here to see, and perhaps attend to Blaine, and in the face of a plausible fact there is a skilled army surgeon at Fort Gibson, is that he is, or is likely to be, seriously ill. To determine this, however, further advice will have to be awaited. Meantime private telegrams previously referred to giving a statement of Blaine's physicians is as follows: "Blaine is doing well; only a slight fever; pulse good—80 per minute; respiration, 181."

A New Railroad Scheme.

Cheyenne, Wyo., April 8.

Articles of incorporation of the Cheyenne & Burlington R. R. Co., were filed yesterday at the office of the Secretary of the Territory. G. W. Holdredge, J. G. Taylor, C. D. Dorman, W. A. Higgins and J. C. Greene are the incorporators, and also the trustees for the first year. The company proposes to construct and operate a railroad beginning at the southern boundary of the Territory, connecting with the Colorado and Wyoming Railroad, and running thence northerly to Cheyenne, which will be the principal office of the company. Capital, \$600,000. The city council, at a meeting last night granted the road the right of way to the heart of the city, and sold to the company 200 acres of land in the northern part of the city for \$500, on condition that \$250,000 be expended by the company in the construction of shops and other buildings before the deed to the land will be given to the city.

More of Kissane.

LANSING, April 8.

U. S. A. Forester, a Japanese merchant of high standing here, furnishes a new chapter of romance concerning Kissane. Up to the present, there was no clue to the whereabouts of Kissane from the time he was in Nicaragua to his appearance in California. Mr. Forester supplies the hiatus. During the Chinese rebellion in 1857, Forester was captured by a detachment of rebels and taken to Shanghai with other Japanese prisoners. Here the rebels were overcome by the Chinese troops under the command of an American, who was none other than Kissane. He had secured the favor of the Emperor through his shrewdness, and was raised to the rank of General of the army. The young Japanese who tells the story, and is now living here, was made Kissane's body servant. U. S. A. and Kissane finally went to Europe, where Kissane visited the leading art centers.

A Complete Success.

WASHINGTON, April 8.

The naval officers are much pleased with the result of an attempt made at Thurlow, Pa., to cast a steel stem for the cruiser *Baltimore*, now building at Philadelphia. This piece weighed 15,000 pounds and was cast without a defect. Commander Evans has just examined and tested the casting and pronounces it to be excellent. He says that it is probably the best piece of steel casting ever done in this country, and the result of the casting is more remarkable and encouraging from the fact that success was obtained at the first attempt.

A Fatal Quarrel.

SPRINGFIELD, Ill., April 8.

Wm. and Joseph Warford, two brothers, had an altercation in their home, 14 miles south of here yesterday morning concerning a horse. Wm. drew a revolver and shot Joseph, breaking his arm. He then went to his room and shot himself through the heart.

Were Recipient of Donations.

NEW YORK, April 8.

The two hundred residents of tenement house 12 Essex street, who were

rendered homeless, and 13 of whom are in the hospital from the burns received, last night, were recipients of several money donations to-day. The fire broke out in the cellar of a bakery below and spread through the building. Had there not been a fire escape in the front and rear, the loss of life must have been appalling. Many of those taken to Bellevue hospital last night were more frightened than hurt. A girl about 10 years old is dead, and others are fatally burned.

In Need of Assistance.

SAN ANTONIO, April 8.

Reports of great suffering from the drouth continue to come in, from the cotton and cattle districts of the Southwest. A letter published in the *Times* yesterday afternoon from the Postmaster at Rosaville, represents the condition in his neighborhood as truly distressing, and calls upon the business men of San Antonio for relief.

No Evidence of His Guilt.

NEW YORK, April 8.

Mormon Barber Flash, arrested in Brooklyn on suspicion of being concerned in the Rahway murder, was arraigned before the Police Justice to-day, and discharged. There was no evidence to show that he was concerned in the murder.

Good Friday Observed.

NEW YORK, April 8.

To-day being good Friday, all down town exchanges are closed, as were also the banking and broker offices. The State and United States Courts closed and also the city departments that were not required to be open by law.

The Majority Against Prohibition.

DETROIT, April 8.

From all reports received the *Evening Journal* now figures the majority against prohibition at 3,676.

FOREIGN DISPATCHES

Wrecked by an Iceberg.

St. Johns, April 8.

The barkentine *Susan*, Captain Ryan, from this port for Barbadoes, struck an iceberg off Cape Broyle and sank a half an hour later. The disaster occurred at midday while the vessel was attempting to weather an iceberg. The crew of eight men, including the Captain, took to a large boat, which capsized, and the Captain and another man sank immediately. Two of the others caught hold of some of the floating debris and kept themselves above water until, when almost exhausted, they were rescued by the barkentine, *Muriel*. The four others grasped the upturned boat and succeeded in righting it, but the boat being full of water, it was again capsized and three of the four were lost.

Deny a Threatened Massacre.

PARIS, April 8.

The Government has ordered a man-of-war, now in the West India waters, to proceed immediately to Port Au Prince to protect the Europeans there, in view of reports of threats of a massacre by Haytiens. In the event of their Government complying with the demands of Great Britain on account of some old claims. Advice received by the Haytien nation in Paris, from Port Au Prince say the Haytiens are much excited over Great Britain's demands but deny they have threatened to massacre foreigners.

Appointed Under Secretary.

LONDON, April 8.

Col. King Harman, a Conservative member of Parliament for the Isle of Thanet, Division of Kent, has been appointed Under Secretary for Ireland.

A Naphtha Explosion.

LONDON April 8.

A gigantic Naphtha fountain burst yesterday, at Baku, Russia. Oil, sand and enormous stones were carried to a height of 350 feet.

TELEGRAPHIC BREVITIES.

—Bernhardt's success in New York is so great that extra matinee performances have to be given this week.

—Whitelaw Reid denies that he has written a letter to Murat Halstead favoring Senator Sherman's nomination for the Presidency.

—There is still some doubt concerning the vote on the prohibition amendment in Michigan, although it is probable that it was defeated.

—The town of Kulzin, Austrian Galicia, has been almost completely destroyed by fire. About 1,000 persons are homeless. The fire was of incendiary origin.

A Reported Confession.

Sophie Munroe, an abandoned woman, on her death-bed, at Portland, Or., last Wednesday, is reported to have confessed that she, two other women and a man named Louis Brown, killed Thomas Kanealy, whose body was found badly mutilated in an unfinished building last year. Sophie's daughter denies that her mother made a confession.

Servant Girls Wanted.

The Women's Club, of Los Angeles, has appointed a committee to confer with the Jubilee Committee of British residents in that city in regard to the disposition of surplus funds that may be on hand after the celebration. Their idea is to send for 1,000 girls from England and pay their expenses to Los Angeles to come as helps.

The Perfection.

Of the age in the medical line is the liquid fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. For sale by Wm. Pinniger, Reno, Nevada.

I will sell out my whole tailoring business. (at 50%) F. KOTZKE.

An Idiotic Provision.

The Winnemucca *Silver State* says: There is much dissatisfaction over a clause in the Act granting bounties for scalps of noxious animals, which provides that no bounty shall be paid for rabbit scalps unless they are presented in lots of 100 or more, nor for coyote and wild cat scalps unless they are presented in lots of ten or more. This provision is necessary under the old law, as the county paid the Justice's fees, but under the new law the person who takes the scalps pays the Justice of the Peace, so that it really makes no difference to the county whether the owner of the scalps presents them singly or in lots of ten or 100. It is the persons who take the scalps that complain of the clause alluded to, as it is not always convenient for them to get ten or more coyotes and lynx scalps, or 100 or more rabbit scalps.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

A Straight Body of Water.

The Indian river in Florida is said to be the straightest body of water in the world. A straight line can be drawn through seventy-five miles of its course without touching either shore. It is on the eastern coast of Florida and is a wide arm of the sea, which is separated from the Atlantic by a narrow strip of land from half a mile to three miles in width.

A Sunken Steamer and Loss of Life.

The steamer Spokane, plying on the Coeur d'Alene river between Fort Coeur d'Alene and the Mission, struck a snag April 4th and sank. She had about twenty-one persons aboard, including passengers and crew. Five persons were drowned. Their names are: Edward Jerome, Lewiston, Idaho; L. Pike, traveler for Charles Hyde & Co., Portland, Or.; Colonel N. J. Higgins, Bangor, Maine; J. C. Hanna, Spokane Falls, and a deck-hand, a Swede, name unknown.

F. A. M.

There will be a called communication of Reno Lodge No. 13, F. & A. M. held at the Masonic Hall, Reno, Nevada, on Saturday evening April 9th, for the purpose of work in the third degree. A full attendance is requested. By order of the Worshipful Master, S. M. Jamison, Secretary.

A WOOLEN MILL.

Good Reasons Why One Should be Built in Reno.

Says the Dayton News Reporter of the 7th inst: "Nevada sheepmen are clamoring for a woolen mill in the State. They say that the wool production of Nevada is large enough to keep a mill as large as any one in the world running continually, and that while the owners of such a mill would make money, it would also be profitable for wool-producers. We talked the other day with a man who owns 10,000 head of sheep. He says that a wool mill on the banks of the Truckee would save him \$1,000 a year by enabling him to get pay for all his wool. As things now are he has to sell his wool unwashed, and he is satisfied the allowance for dirt in the wool which buyers insist upon, robs him of \$1,000 on the fleeces of 10,000 sheep. Wool-growers are at the mercy of buyers in this respect. They say 'We'll deduct so many pounds from the gross weight of your wool and pay so much per pound for what remains; you may take it or leave it alone.' Individual growers cannot afford to wash their wool—in fact, it can only be profitably cleaned in connection with an establishment for working it into fabrics. Our informant says that capitalists seeking investment do not understand the situation or Nevada would have had a woolen mill long ago. The market for woolen goods is at the East and in Europe. Under the Inter-State Commerce law freight on such goods is materially less from Reno than from Pacific Coast points to the Atlantic. Therefore a woolen mill at Reno could successfully compete with those of California, which would be its only rival; as the mills of the East depend upon this coast for their wool supply. He says that if capitalists don't build a woolen mill at Reno soon, the wool-growers of the State will combine and build one themselves."

The New Schedule Freight Rates.

So far as can be learned there are no marked changes in the Central Pacific's freight rates, just adopted, between San Francisco, Sacramento and this town, except for horse shoes, nails, iron and a few other commodities of that character. For such the rates have heretofore been 78 cents per 100 pounds by the carload from San Francisco and 75 cents from Sacramento. Under the new schedule they have been advanced to \$1.22 from the former city and \$1.06 from the latter. The other rates between San Francisco and Reno remain substantially the same, as follows: First, second, third and fourth classes, which embrace green and canned fruits, case goods, hardware, groceries, goods in bulk, flour, wheat, coal, etc., \$1.28 per 100 pounds. By the carload—class 5 and A, \$1.22; B and C, 47 cents; D and E, 34 cents. When nails, horse shoes, iron and other like goods are shipped in lots less than carloads they come under the head of class 1. Furniture by the carload comes under the head of B and C. Ores, in carload, come under the head of class D; less than carload, class 4. The new schedule has not yet been completed.

Annual Meeting.

The stockholders of the Reno Smelting, Milling and Reduction Works met in annual session at their business office in this town on Tuesday, April 7th, 1887, the following stockholders being present: John Howell, M. Cary, H. H. Beck, Wm. Thompson, A. H. Manning and C. T. Bender, representing a large majority of the capital stock of the corporation. The annual statement of the corporation was submitted and approved. The election of Trustees was then held, and the following gentlemen were selected for the ensuing year: John Howell, M. Cary, A. H. Manning, A. Farrington and H. H. Beck. The new Board at once organized and elected the following officers: John Howell, President and Managing Director; M. Cary, Superintendent; Wm. Thompson, Secretary; First National Bank of Reno, Treasurer. It was also decided to increase the capital stock of the corporation from 60,000 to 100,000 shares, for the purpose of building a refinery and otherwise increasing the capacity of the works.

Valuable Horses.

E. Hardy, Manager of the Oasis Ranch Company, Toano, who arrived recently from the East with 25 head of Norman-Percheron stallions and mares, has sold several of the valuable animals. L. B. Adams, of the Utah National Bank, Ogden, bought the coal black Percheron stallion, "St. Ledger," and Job Pignon the Norman stallion, "Burnham," sired by the noble imported stallion "Powerful," the pedigree on the side of his dam running back to old "Louis Napoleon." To N. S. Jackson, a forwarding and commission merchant of Toano, the company sold the five-year-old Percheron stallion, "Dude." These sales prove that the imported horses are just what the stockmen of Nevada and Utah want.

I. O. O. F.

Representatives to the R. W. Grand Lodge No. 19, I. O. O. F.: J. S. Shoemaker, J. B. Williams, Jos. L. Gauthier, John Belz, E. Nowatney, W. D. Wagar, E. Vallencourt and Donald McKay. Grand Lodge to meet at Virginia City in June, 1887.

PERSONAL.

C. W. Friend, of Carson, went below last evening.

W. J. Tonkin, of Eureka, arrived here last night.

Senator M. D. Foley arrived last evening from Eureka.

General Charles Forman returned this morning from California.

Jules Alexander and Fred Van Orten came in from Susanville yesterday.

Charley Moeller, formerly proprietor of Steamboat Springs, returned this morning from the Bay.

Hon. C. H. E. Hardin, of Mason Valley, and M. C. Gardner, of Carson, arrived in town last evening.

General R. M. Clarke returned last evening from Elko, where he successfully managed a water suit before Judge Fitzgerald.

Mr. and Mrs. T. F. Laycock, who left last evening for Los Angeles, where they propose to permanently reside, carry with them the kindest wishes of a large circle of friends.

Hon. J. M. Rhoades and wife came in from Long Valley yesterday and left for their old home at Woodland, Cal, on last evening's express.

Ralph Levy and Gus Kinkle, of Winnemucca, arrived here Wednesday evening. Mr. Levy visited the Comstock to-day and will leave this evening for San Francisco.

Mr. P. Steler, a jeweler, of Eureka, is in town. He will leave on this evening's overland for San Francisco. Like many others, Mr. Steler would like to locate in Reno.

W. R. Chamberlain, T. K. Hymer, Rufus Kinney and Judge William Webster, Knights Templar, went to Virginia City this morning to attend church with their Commandery.

An Anti-Mormon Editor.

It is evident that the editor of the Pioche Record has little love for the Mormon, for in his issue of the 2d instant he says of Apostle Snow's Mexico colonization scheme: "A colony of just has been established in Chihuahua, Mexico, under the direction of the bestial Eustas Snow. Several wagon trains of tow-headed, carrot-livered Mormon cattle are now enroute to the new land of promise, where the sheen on the yellow pumpkin and the emerald hue of the sorghum patch will undoubtedly act as a panacea to the ills which they suffered in the land of the transuding Gentile. Should the harum-scarum Jack-Mormon gawks of Lincoln county take up their beds, and their concubines, and their man servants, and their maid servants and 'jine' Eustas over there among the greasers—few and short would be the expressions of regret at their departure."

Hoisting Works Burned.

The hoisting works over the shaft of the Nevada Queen mine at Tuscarora, Elko county, were destroyed by fire Wednesday afternoon. Five employees were seriously and the foreman probably fatally injured. The explosion of a box of giant powder set fire to the building and caused the injuries to the men. Not a vestige of the framework of the building remains on the site. The hoist and pumping engines were ruined through being warped by the heat of the burning timbers. The amount of loss by the fire is not given in the dispatch. The works will be rebuilt immediately. They were the joint property of the Nevada Queen and North Belle Isle Mining Companies, and the shaft was being sunk for the purpose of operating both mines through it.

A Temperance Lecturer.

Miss Pugh, the W. C. T. U. organizer, will arrive in Reno on the Saturday evening train, April 9th. She will speak to the children on Sunday afternoon at the M. E. church, at half past 3 o'clock. All the children are invited. She will also give a lecture at the same place on Monday evening, April 11th, at half past 7 o'clock. The ladies of the Union and all interested in temperance, are requested to meet at the M. E. church-room on Monday afternoon, at half past 2 o'clock, when Miss Pugh will give general instructions in the work. By order of the W. C. T. U.

A Large Fruit Crop Predicted.

The prospect for a large crop of fruit is excellent, says the Wheatland, Cal., Graphic, as no damage is known to have occurred to any of the fruit trees in this vicinity. Cherries will soon be ripe and the chances are that Yuba will be the first in the field with fruit this season. The peach crop, which was a failure in these parts last year, gives promise of being unusually large. Pears will also be abundant, and as apples are always plentiful, we will have all the fruit needed for our own use and a good deal to spare.

Valuable Fruit Trees.

Fig trees begin to bear in eighteen months after planting, and continue to increase in size and bearing capacity for more than half a century. No insect pests disturb this tree, and the crop can be gathered at leisure and dried, canned or crystallized for market. There is a demand for all the white figs that can be grown at \$50 per ton, and at this rate the crop from 10-year-old trees is worth \$400 an acre net.

BREVITIES.

Local and General News.

In St. Louis the name for bustles is "dignifiers."

Confidence was assessed 50 cents a share yesterday.

The usual attractive Easter services will be held in the churches here Sunday.

The capital stock of the Utah Con. Mining Company was yesterday assessed 20 cents a share.

The grade for the new line of flume from Marlette Lake to Virginia City is completed to Bullion ravine.

The McGibeny Family entertainment at the Nevada Theater this evening will be first-class. Reserved seats on sale at Thurston's.

A Washington dispatch says there are but very few Republicans now holding Presidential post-offices—not more than five per cent.

According to the Tribune, no clue has yet been discovered as to who murdered old man Bailey at Clear Creek, near Carson, in February last.

Mr. E. Dunning, who was injured yesterday by being thrown from a load of hay, is reported in a fair way to recover, although he is very sore and can scarcely move.

Jules Alexander, who arrived yesterday from Susanville, informed a GAZETTE reporter that the stock losses in Lassen county were less than 1 1/2 per cent. during the entire winter.

Seldel P. Hetzel, Register of the Land Office at Sacramento, and who has been charged with misappropriating money deposited with him by land claimant, was several years ago, a resident of Eureka.

The "McGibeny's," who arrived on the noon train to-day, is, without exception, the first looking family this reporter ever saw. It is worth the price of admission to see so many nice looking people together.

J. McGrath, formerly well known in mining circles of Humboldt, Eureka and White Pine counties, is in town. He represents a San Francisco liquor house. "Jack" is an A. No. 1 fellow, and deserves a liberal patronage.

James Haynes, who was tried in Justice Young's court Wednesday on the charge of disturbing the peace, when the jury disagreed, is being tried again this afternoon. Several prominent business men are on the jury.

For the Present.

Circulars from both east and west announce large advances in prices of all kinds of merchandise, but F. Levy & Bro., having fortunately received their entire Spring stock of dry goods and carpets, during last month, will give our people the full benefit of low prices. They are now selling fine silk hose at \$1.25 per pair, lisle thread at 50 cents, balbriggan hose, full finish and regular make in solid colors or striped, at 25 cents per pair. Go and examine their goods, and as for their other goods, F. Levy & Bro. are making the town and country ring with their fine stock and very low prices. Dig up your cash, and you can buy from them for less than any store on the coast.

The McGibeny's To-night.

The instrumental and vocal concert to be given this evening at the Nevada Theater by the McGibeny Family promises to be a rare treat. Large and delighted houses greeted them at Carson and Virginia City. The organization appears to deal principally with such themes as suit the popular taste, and those who hear them once want to hear them again and again. Reserved seats, on sale at Thurston's book-store, are meeting with a ready sale.

Ohio Centennial Fund.

Canvassing is about to commence in Cincinnati for the guarantee fund of \$1,000,000 required to insure the success of the Ohio centennial to be held next year. The exposition is to be located in Washington or Eden Park, and will last one hundred days.

\$55 00 CASH.

This engraving represents one of the cheapest and best made Parlor Suites that is manufactured. This suite consists of Sofa, Easy Chair, Reception Chair, Divan and Patent Rocker—five pieces in all. We make this suite in electro plush, assorted colors, or all in one color, with spring edge and all plush border, for \$55. We also make it in wool plush (not spring edge), assorted colors, or all in one color, for \$55.

Either of these suites are very pretty, and will, without doubt, please the buyer. Suites consisting of sofa, easy chair, patent rocker and four reception chairs—seven pieces in all—cost the same price as the five-piece suite.

These suites are not the "East made," but are manufactured by us. We guarantee them to be first-class and far superior to the Eastern suites that are sold. Samples of plush and other coverings mailed on application.

Our line of bed-room suites in walnut, mahogany, antique oak, antique ash, ash and pine are handsome in design and cheap in price. Photograph of our \$18 bed-room suite mailed on application. Address all letters to

There is no remedy which can rival Hamburg Figs for the cure of habitual constipation, indigestion and sick-headache. Their action is so prompt and efficient as their taste is pleasant.

DR. FLINT'S HEART REMEDY.

When the Heart, Kidneys and Circulation are in a healthy condition all other ailments are mere "side issues" which readily yield to treatment. Dr. Flint's Heart Remedy exerts a specific and direct action on these organs. Descriptive treatise accompanies each bottle, or mailed free. It will repay a perusal and prove instructive and interesting.

These Remedies are for sale by all Druggists.

OF INTEREST TO ALL.

IT GIVES US PLEASURE TO RECOMMEND GILMORE'S AROMATIC WINE. It sells better and gives better satisfaction than any remedy we have ever sold. On sale of it is constantly increasing. - HESS & MONTGOMERY, Druggists, Plymouth, Ind.

No article can receive such an endorsement as the above, unless it has actual merit. GILMORE'S AROMATIC WINE is an

Infallible Cure for Female Complaints.

Thousands of people bear grateful testimony to the wonderful cures it has made. It contains no intoxicating properties to irritate a sensitive stomach, or induce an injurious reaction after a temporary stimulation. It assists digestion, makes rich, healthy blood, and builds up the entire system, thus laying the sure foundation for perfect health. For sale by

Mr. Farwell and the Lawyer.

"What was the second mortgage made for?" asked Mr. Conkling of Jake Sharp.
"To issue bonds," replied Sharp.
"But what were the bonds for?"
"To be issued."

This calls to mind some answers once made by the Hon. Charley Farwell, of this city, to a too inquisitive lawyer. Mr. Farwell had owned the West Division Post-office building at the corner of Washington and Halsted Streets, and had traded it for a building on East Washington Street, near the court house, giving \$5,000 cash difference. Some time afterward a real estate agent called on Mr. Farwell as a witness to establish the value of the west side building.

"Mr. Farwell, you formerly owned the property at the corner of Washington and Halsted Streets, I believe," said the lawyer.

"I did," replied the witness.

"And you sold it?"

"I traded it for another building and gave \$5,000 to boot."

"Well, Mr. Farwell, what did you consider your building worth?" asked the lawyer.

"About \$5,000 less than the other gentleman's."

"Yes, just so; and now, Mr. Farwell, what did you consider the other gentleman's building worth, sir?"

"Well," said the politician, slowly, "I had a vague sort of a notion that it was worth—well, about so."

"Yes, sir; tell me as near as you can, sir, about how much it was worth."

"Well, it was worth about \$5,000 more than mine."—[Chicago News.]

A Mountain Accident.

A Yreka, Cal., dispatch of April 6th says: At daylight, 300 yards south of the summit of Siskiyou Mountain, a four-horse livery team from Ashland, with Huff's theatrical troupe of 15 persons, became frightened and ran off the stage upsetting and throwing all over the grade. The driver, Jasper Cunningham, has been unconscious since the accident. He is supposed to be fatally injured. Two ladies and a little girl were badly hurt and one girl slightly. It is not known what caused the horses to become frightened.

The latest from the accident on Siskiyou Mountain yesterday is that Jasper Cunningham, the driver of the stage, is dangerously injured internally. Juliet Hazel had her head badly cut, Mrs. Le Comte's collar-bone was fractured, and Ivy Stultz, the little girl who was thrown out before the stage capsize, was badly cut. The accident was caused by the breakage of the brake. The wounded are comfortably cared for in the old Railroad House, near the summit. All of the company were more or less injured.

The same old subject. "Hubby, brother Charley is going away, and I feel that we should give him some little keepsake." "So we should, my dear." "How would a nice, silk umbrella do?" "First-rate; but don't give it to him outright." "Why not?" "Just lend it to him. He will keep it longer."—[Chicago News.]

Woman and Her Diseases

Is the title of a large illustrated treatise, by Dr. R. V. Pierce, Buffalo, N. Y., sent to any address for 10 cents in stamps. It teaches successful self-treatment.

"Consumption Cure" Would be a useful name to give to Dr. Pierce's "Medical Discovery," the most efficacious medicine yet discovered for arresting the early development of pulmonary disease. But "consumption cure" would not sufficiently indicate the scope of its influence and usefulness. In all the many diseases which spring from a derangement of the liver and blood the "Discovery" is a safe and sure specific. Of all druggists.

How often is the light of the household clouded by signs of melancholy or irritability on the part of the ladies? Yet they are not to be blamed for this, for the result of ailments peculiar to that sex, which men know not of, but the case may be removed and joy restored by the use of Dr. Pierce's "Favorite Prescription," which, as a tonic and nerve for debilitated women, is certain, safe and pleasant. It is beyond all compare the great healer of women.

A Fact Worth Knowing.

A physician in Genesee Co., N. I have for three seasons past used it in many severe cases of the above, and it has never failed to afford speedy and gratifying relief." No proprietary remedy has ever received such general endorsement from regular physicians of high standing as Gilmore's Aromatic Wine. For sale at Pianiger's drug store.

More than two-thirds of the Expense of putting up and Feeding Hay saved by CLIMAX RAKE, CLIMAX LOADER, CLIMAX STACKER, CLIMAX HAY RACK, with attachments for unloading into feed racks.

FOR HANDLING HAY OR GRAIN, the Climax Machines excel all others by great odds. Each and all of these inventions are warranted to do all claimed for them. They are no experiment, but HAVE BEEN TRIED AND TESTED by the actual work of hundreds, and received the unqualified endorsement of all.

This is to certify that last season we used the Climax Rake in pulling 100 tons of hay, mostly blue joint; that it did its work well, and in my estimation is not equalled by any stacker or hay-lifting appliance on this coast.
